

Things to See & Do

KAMPOT

Kampot town is 150km south of Phnom Penh. The streets feature a mix of Khmer and older French colonial buildings, a beautiful riverfront, a relaxed atmosphere and a wide selection of Khmer and Western restaurants and bars. The local night market is well worth a trip to taste the local delicacies, and see the variety of stalls.

Kep & Rabbit Island

25km from Kampot, Kep is an old seaside town known for excellent seafood - in particular the crab market is a must-try. A short boat ride away and you can find Rabbit Island. As pictured above, Rabbit Island is an idyllic getaway - either a day trip or there are bungalows where you can stay the night in.

Bokor Mountain

Bokor Mountain should be no.1 on your to-do list for Kampot. The mountain boasts a magnificent view, you can visit the old French hill station, and there is an incredible resort currently under development.

Salt Fields/ Pepper Farms

The salt fields are a must if you are working at CLS. It is where many of the poorer families live and work - CLS has a very special relationship with these families - building sanitation facilities, playgrounds for the children and a truck that goes out each day to take the children to and from school. If you have the time, take a Tuk Tuk to check out the pepper farms as well.

Estuary Cruise

An excellent way to spend an afternoon or evening, exploring the river and estuary both upstream and downstream from Kampot. Kayaks can also be hired to explore the river and estuary.

Water sports

From paddle-boarding to kayaks to pontoons - you can find all of the above and more by heading down river. If you are keen for a swim, Greenhouse, Villa Vedici, SUP paddle-boarding have all this and more to offer. There are also plenty of hostels with swimming pools where you can go and buy a drink/food and enjoy the chance to cool off.
