

SUCCESS STORY – UNG SORIYA

Ung Soriya is one of four children. She was raised in the salt fields where her parents work on meagre wages in the dry season. In the wet they have little or no work to provide income for the family.

Soriya studied for six years at Chumkriel State School, then completed her final three years at Pacific State School in Kampot. During this period CLS sponsored her with a scholarship which paid for uniforms and school supplies.

On completing school, Soriya was awarded a further scholarship by CLS to attend the Kampot Institute Polytechnique. She is doing a four year course there in Finance & Banking. On completion of her studies she hopes to work in a bank.

Soriya is yet another child of the tough and impoverished environment of the salt fields who, through education and assistance from CLS, has progressed to tertiary studies and the promise of a career in finance and banking.
