

Chumkriel Language School News-October 2020

School Opens Again – with Care!

The government has allowed the school to reopen for just two days a week, with full reopening possible in January. Our students are excited to be back, but also continue to take work booklets home and borrow books to read. We stress to them the importance of good hygiene so they avoid the risk of infection with COVID-19.

COVID – an Opportunity?

The COVID-19 pandemic has provided an opportunity for our students to assume greater responsibility in studying by themselves at home. It has also reinforced to the wider community the importance of good hygiene. Please click the link of the video to see [how your donation has made change!](#)

Repairing and Improving

While COVID disrupted with classes, maintenance and improvement works continued:

- We replaced decayed thatch over storage areas by the garden with a fibro roof. This will last longer and need less maintenance.
- Tin guttering around the school has been replaced with PVC which won't rust and will last longer. Water collected goes to tanks and is used for washing and drinking.
- Stairs to the pond make it easier and safer for our garden staff to access stored water as the level drops.
- Equipment at the salt field playground, worn by years of use, was repaired.
- A concrete apron by the salt field school offers a safe and clean surface in place of mud in the wet and ruts and dust in the dry.
- Engine maintenance and essential repairs were carried out on the salt field truck, including cutting out rust and painting repaired panels.

Donations to help us with school repairs and maintenance are tax deductible. Visit Chumkriel Supporters

CHECK OUT OUR NEW SUPPORTERS WEBSITE

Chumkriel Supporters has a new website: <https://www.chumkrielsupporters.com/> Designed to inform and help you – our valued supporters. With the generous support of our corporate sponsor Reach Markets, the website has been a work-in-progress since the start of the 2020. Each new iteration has been helped by your feedback. Thank you.

Our hope is the new website will make it easier for you to find information, subscribe to the newsletter, ask questions and make donations. It is linked to a database, to help make sure your information is up to date, accurate, secure and protected.

Please check it out and let us know what you think. Chumksupp@gmail.com

Thank you for your support.

Sincerely,

Sothy Nget
Executive Director
