

## COMMITTED STUDENT - MARA

Mara is 12 years old and studies in Grade 6. She lives with her parents in Tropeangtom Village, Chumkriel Commune.

Mara started learning at Chumkriel Language School in 2017. She always attends school regularly and completes her homework. Mara's pronunciation is good and her writing is neat. She always tries hard with her studies. Mara enjoys helping her friends during reading time and her behaviour is good.

Due to Covid-19 Mara must study at home. She always completes the booklets and worksheets on time. Mara takes photos of her lessons for marking and also sends videos of her reading to the teacher. Mara could read at level 17 when we had PM benchmark testing in 2020. She always achieves good results in her learning.

Mara says "When I learn at this school, I can read, speak, listen, write and can ask questions in English much more than before".
